The Queen Katherine School Multi Academy Trust

Freedom of Information Policy

Statement of intent

The Queen Katherine School Multi Academy Trust will comply with the terms of the Freedom of Information Act 2000, and any subsequent relevant legislation, to ensure all information held by the school is treated in a manner that is fair and lawful. This policy should be used in conjunction with the *Data Protection Policy*.

The development and effective implementation of this policy fulfils that requirement.

More specifically, this policy outlines:

- How the school will respond to requests from individuals for access to information held about them.
- Our school's policy and procedures for the release and publication of private data and public records.
- Our school's policy and procedures for providing applicants with advice and assistance throughout the duration of their requests.

It also clarifies our position regarding the appropriate limit to the costs incurred by the school in obtaining any requested information, and on charging fees for its provision.

Legal framework

This policy has due regard to the following legislation:

- The General Data Protection Regulation
- The Data Protection Act 2018
- The Freedom of Information Act 2000
- The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004

This policy also has due regard to guidance, including, but not limited to, the following:

- ICO 'Model publication scheme' 2016
- ICO 'Duty to provide advice and assistance (section 16)' 2016

This policy will be viewed in conjunction with the following other school policies:

- Data Protection Policy
- Overarching Safeguarding Policy
- Child Protection Policy
- IRMS Toolkit (Information Records Management for Schools)

Data Gathering and Storage

Information will only be gathered and stored for specified purposes. In order to be able to respond to requests for information the school will implement effective records management policies to enable staff to identify whether data is held and, if it is, locate it quickly and easily. Information held by the schools will be regularly reviewed with a view to archiving or destruction, where appropriate and will follow the IRMS Toolkit (Information Records Management for Schools).

Publication Scheme

The schools will adopt and publish the appropriate model publication scheme, as recommended by the DFE, Information Commissioner, and approved by school governors. The current recommended model schemes can be viewed via the Information Commissioner's website www.ico.gov.uk.

Dealing with Requests for Information

Theoretically any request for information is a request under the Freedom of Information Act, but The Trust receives a considerable number of requests for information through our day-to-day operations. Most of these are dealt with as 'business as usual' requests and responded to accordingly. The Trust are committed to responding to all requests for information.

Accepting requests for information

The school will only accept a request for information which meets all of the following criteria:

- It is in writing
- It states the name of the applicant and an address for correspondence
- It describes the information requested

A request will be treated as made in writing if it meets all of the following requirements:

- It is transmitted by electronic means
- It is received in legible form
- It is capable of being used for subsequent reference

The school will publish details of its procedures for dealing with requests which include:

- A contact address and email address
- A telephone number
- A named individual to assist applicants with their requests

Legally Environmental Information Requests can be made verbally over the phone or in person. Where this does happen, The Trust will put it in writing and process the request as a standard information request and, as part of this process, consider whether or not the request should be dealt with as an Environmental Information Request.

The Trust will exercise its duty to confirm or deny the existence of requested data, subject to any exemptions that may apply.

The Trust will supply data requested within 20 working days (or in line with the Information Commissioner's current policy during school holidays), subject to any exemptions that may apply, and the estimated cost of complying with the request falling within the current defined charge limit. All

requests for information should still be dealt with in compliance with the 20-day deadline, whether they are recorded as Freedom of Information requests or not.

If a response will take longer than 10 working days to respond an acknowledgement should be sent to the person making the request, informing them when the information will be supplied. This acknowledgement does to allow the school to exceed the overall 20-day deadline.

The appropriate limit

The school will not comply with any freedom of information request that exceeds the statutorily imposed appropriate limit of £450. If the estimated cost of complying with the request does not exceed this amount the school is not entitled to make a charge for fulfilling the request.

A senior member of staff will be responsible for ensuring requests are fulfilled within the stipulated deadline and recording details of the request on the Trust's tracking database.

Persons requesting data will be supplied with a copy of our complaints procedure. Copies of data supplied should be retained for two years from the date it was put into the public domain.

Applying Exemptions

A full list of exemptions can be found at the Information Commissioner's website www.ico.gov.uk.

The school will not comply with this policy where:

- The school reasonably requires further information to meet a freedom of information request, has informed the applicant of this requirement, but was not subsequently supplied with that further information.
- The information is no longer readily available as it is contained in files that have been placed in archive storage or is difficult to access for similar reasons.
- A request for information is exempt under section 2 of the Freedom of Information Act 2000.
- The cost of providing the information exceeds the appropriate limit.
- The request is vexatious.
- The request is a repeated request from the same person made within 60 consecutive working days of the initial one.
- A fee notice was not honoured.

Where information is, or is thought to be, exempt, the school will, within 20 working days, give notice to the applicant which:

- States the fact.
- Specifies the exemption in question.

The decision to apply exemptions should not be taken by individual members of staff but should be made by a constituted group of at least three of the following: Chair of Governors, other governors, Headteacher, Deputy Headteacher, HR Manager, with input from the DPO if required. Even if the group decides information should not be disclosed, a public interest test should be carried out when applying exemptions, to decide whether the public interest in disclosure outweighs the objection to disclosure. If it does the information must be disclosed.

Legal advice should be sought from if there is any doubt as to whether information should be disclosed.

Logging Requests Received

The Trust will keep a record of all requests received for monitoring purposes, noting:

- a) the date the request was received,
- b) name and contact details of the person or organisation making the request, c) the date the request was fulfilled or refused,
- d) the reason for any exemption being applied,
- e) the reason for any failure to meet the 20 day deadline.
